Letter No H. C. 89/48 B 18-4-49 from the Dpty. Town Mcl CL, Kolar, requesting sanction to the expenditure of Rs 1200/- incurred by the local Mcl CL, in connection with the urgent works done to supply the Town with drinking water during the period of scarcity.

It is reported that a sum of Rs 800/- has been spent for the purchase of Casuarina Poles required ~~for~~ in connection with the improvement of water supply and that they would be auctioned & the proceeds thereof would be credited to Mcl funds when they are no longer required.

The exact source from which the expenditure could be met has not been pointed out.

Please see the letter carefully & the proposal to be sent after the closing balance for 31/3/49

The financial condition of the Kolar Town mclp for 48-49 is as follows -

Opening balance	Rs 29,428
Recepts	" 1,13,638
Total	Rs 1,43,066
Expenditure	" 1,30,540
Closing balance	Rs 12,526

This is an essential item of expenditure Hence could for orders

Bangalore

Subject - Re expenditure incurred for urgent works done to supply the Town with drinking water during the period of scarcity

---

Sir,

With reference to the above and in pursuance of the deputation of the Municipal Councillors waited on the Minister for Public Works on 2-4-49 at Bangalore, I have the honour to state that a special meeting was convened on 3-4-49 to consider the position of the water supply and to discuss the ways and means to alleviate the grave position

The Council after a long discussion over the subject passed a resolution unanimously empowering the President to take all such steps as are necessary to give effect to the proposals that water might be supplied by means of lorries etc,,

Before implementing this resolution by obtaining water in lorr-ies conveyed from the Aerodrome from a distance of 4 miles, fortunately, there was a slight rainfall on the night of 3-4-49 in the vicinity of catchment area of the Ammeranally Tank Hence, there was a supply of water which would suffice for 15 to 20 days Therefore the question of supply by means of lorries was given up As a supplementary measure the public wells in the Kolar Town were hankronised and silt in the public drinking water wells has also been removed

In addition, the sides of the temporary kunte which was being deepened in the bed of the Tank, to tap water temporarily, were yielding, thus impeding the deepening work of the kunte It was very urgent and essential to support the sides by means of casurina poles Therefore poles costing about Rs 800/- (Rupees Eight hundred only) were secured In the aggregate the cost of the urgent works amount to Rs 1200/- (Rupees one thousand two hundred only) approximately In view of the urgency, the amount has been drawn as advance in anticipation of kind sanction After final closing of these works this will be treat-

treated as final charge I therefore request you kindly to obtain sanction of Government for meeting this expenditure out of the closing balance of Municipal Funds for 48-49. Regarding casurina poles, after the gravity of the situation is minimised, if they are not required for any purpose in the tank, they will be put to auction and the proceeds will be credited to Municipal Funds.

Yours Faithfully.

President, 1814

Town Municipal Council, Kolar.
